- Both the Historic Environment and Conservation departments at Shropshire Council had been contacted to ask if it would be possible to replace the War Memorial. The response was unequivocal – under no circumstances could the Grade II Listed monument be removed and/or replaced. They also they advised that any restoration work would be subject to Listed Building Consent being granted.

36.23 To receive report from Shropshire Councillor

Councillor Wild presented a brief report which focused on Shropshire Council's financial position. Like other councils throughout the country, it is facing huge budgetary pressures and is having to make large savings - of £51M. Currently on track to be on a firm financial footing by year end. Savings will potentially be made by cutting non-statutory services such as pest control. Shropshire Council is having to make some very tough decisions and is considering withdrawing school transport support for nursery and post-16 children with special educational needs and disabilities (SEND) as it has no legal duty to do so. Such a move would be expected to save £350,000 a year. Over 85% of the budget is spent on just 3% of the population due to the provision of social care, which is a statutory requirement. The Council's Cabinet is keen to protect services like libraries and swimming pools to give something of value to the other 97% of the population.

37.23 To receive the defibrillator audit check for the period

Councillor Roberts had performed the audit checks for the period up to 16 July and confirmed that both defibrillators were ready to use as and when required.

38.23 Guildhall Matters
